

TAKE FIVE TO STOP FRAUD

SCAM BINGO HANDBOOK

INTRODUCTION

Welcome to Scam Bingo! The bingo game from UK Finance's [Take Five to Stop Fraud Campaign](#) that aims to support people to protect themselves against fraud and scams. We have developed a free-to-play Scam Bingo game to help people learn about the most common frauds and scams. This handbook will run you through the rules of the game and how to play it with your networks.

About [Take Five to Stop Fraud](#)

Take Five to Stop Fraud is a national campaign that offers straight-forward and impartial advice to help everyone protect themselves from preventable financial fraud. This includes email deception and phone-based scams as well as online fraud – particularly where criminals impersonate trusted organisations.

Led by [UK Finance](#), the campaign is delivered with and through a range of partners in the UK payments industry, financial services firms, law enforcement agencies, telecommunication providers, commercial, public and third sector organisations.

Criminals are experts at impersonating people, organisations and the police. They spend hours researching you for their scams, hoping you'll let your guard down for just a moment. Stop and think. It could protect you and your money.

Our advice encourages people to Stop, Challenge, Protect when being asked for sensitive information:

STOP

Taking a moment to stop and think before parting with your money or information could keep you safe.

CHALLENGE

Could it be fake? It's ok to reject, refuse or ignore any requests. Only criminals will try to rush or panic you.

PROTECT

Contact your bank immediately if you think you've fallen for a scam and report it to Action Fraud.

For more information visit: <https://takefive-stopfraud.org.uk>

TO STOP FRAUD™

HOW TO PLAY

What you will need

- Pens for each player – or reusable stickers so that you can use the same cards for multiple games
- Printed bingo card 'packs' – enough for 1 'pack' (1 side of A4) per player, each pack has enough cards for 3 games
- Bingo Wheel (or a free random number generator – you can find one online by typing 'random number generator' into a search engine)
- You could consider small prizes for winners

Game play

The game should start with the Bingo Caller (BC) introducing players to Take Five to Stop Fraud. See wording below. For more information on specific scams visit: <https://www.takefive-stopfraud.org.uk/advice/general-advice/>

Welcome to Scam Bingo! The bingo game from UK Finance's [Take Five to Stop Fraud Campaign](#) that aims to support people to protect themselves against fraud and scams. This free-to-play Scam Bingo game aims to help people learn about the most common frauds and scams.

About Take Five to Stop Fraud

Take Five to Stop Fraud is a national campaign that offers straight-forward and impartial advice to help everyone protect themselves from preventable financial fraud. This includes email deception and phone-based scams as well as online fraud – particularly where criminals impersonate trusted organisations.

Led by [UK Finance](#), the campaign is delivered with and through a range of partners in the UK payments industry, financial services firms, law enforcement agencies, telecommunication providers, commercial, public and third sector organisations.

Criminals are experts at impersonating people, organisations and the police. They spend hours researching you for their scams, hoping you'll let your guard down for just a moment. Stop and think. It could protect you and your money.

So what steps can you take to try and protect yourself from criminals looking to commit fraud and scams? Follow Take Five to Stop Fraud's advice:

STOP

Taking a moment to stop and think before parting with your money or information could keep you safe.

CHALLENGE

Could it be fake? It's ok to reject, refuse or ignore any requests. Only criminals will try to rush or panic you.

PROTECT

Contact your bank immediately if you think you've fallen for a scam and report it to Action Fraud.

Before game play begins, ask the players to shout back to you what steps they can take to protect themselves against fraud and scams (Stop, Challenge, Protect) to check understanding and recall. Each player is then given 1 bingo sheet, made up of 3 different games. For each game, the BC will draw numbers and use the calls laid out below, some correlate to fraud and scams, such as "Key to the door. #21 Don't give criminals the information they need to unlock your bank account".

How to Win

The winner of a game is the person who shouts bingo when they have completed a horizontal line. The BC should double check the results against which numbers have been called out. If the numbers called out match the line, the person is the winner!

If you like, the BC could also ask the winner how they can protect themselves against fraud and scams, if they respond with 'Stop, Challenge, Protect' they could win a bonus prize.

You can also play further rounds with the same game card. The next winner will have a full house (all numbers on their card crossed off).

TO STOP FRAUD™
